Frequently Asked Questions

Q1: Can I touch the net below the top tape?

A1: No. NAGVA has adopted the current USAV rules which make it illegal for a player to contact any part of the net while making a play. Incidental contact with the net, away from the play, can be allowed at the discretion of the R1 or R2.

Q2: How far can I pursue the ball?

A2: There is no pursuit rule in NAGVA.

Q3: How are ceiling obstacles played?

A3: If the ball contacts the obstacle on your side of the net (and, you still have contacts left) you may play the ball. Any item protruding from the wall is considered part of the wall and results in a side out. Interference from any ceiling object may be replayed (this is a judgment call).

Q4: What's the center line rule?

A4: NAGVA uses the current USAV center line rule which states any part of a player's body (including the feet) may cross completely onto the other side of the court as long as it does not present a safety risk or interferes with the play. This is a judgment call.

Q5: Is there a cap on score during pool play? Starting score?

A5: Yes. Each set is capped at 27 points. Each set starts at 4-4.

Q6: Is there a cap on score during tournament play? Starting score?

A6: **Winner matches:** best of 3 sets - First 2 sets to 25 starting 4-4, cap at 27; Deciding set – 0 to 15 points starting at 0-0. No cap. **Loser matches:** 1 set to 25, starting at 0. No cap.

Q7: Can the set end in a tie?

A7: No. In pool play if the set is tied at the expiration of time, play one more point to break the tie.

Q8: How long are matches?

A8: Matches are 40 minutes long. 5 minutes for warm-up and 35 minutes to play the two sets.

Q9: What does the air horn or cowbell mean?

A9: One long horn blast signals the end of the previous match **AND** the start of the 5-minute warm up for the next match. Two short horn blasts OR cowbell signals the 2-minute warning.

Q10: What if I have a protest?

A10: **Pool Play**, if there are any protests you will need to play out the match and let the TD/Command Center know after the match. Judgment calls cannot be protested. Please note the time, set, and score on the score sheet. All protests made during pool play will be ruled by the end of the pool session. **Bracket Play**, same as pool play **EXCEPT** stop the point immediately and inform head referee/command center.

Q11: Can I play a ball from another court?

A11: No player may go into another court at **any** time while pursuing a ball. If a player enters another court while attempting to play a ball, the play is over and the ball is considered out no matter if the player played the ball before entering the court. Players may go behind other courts to play a ball.
